INDEPENDENT AUDITOR'S REPORT

Board of Directors
Bennington Area Habitat for Humanity
Manchester, Vermont

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Bennington Area Habitat for Humanity, dba Bennington County Habitat for Humanity, which comprise the statements of financial position as of June 30, 2024 and the related statements of activities, functional expenses and cash flows for the year then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Bennington Area Habitat for Humanity as of June 30, 2024 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bennington Area Habitat for Humanity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bennington Area Habitat for Humanity's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bennington Area Habitat for Humanity's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise doubt about Bennington Area Habitat for Humanity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

BENNINGTON AREA HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Bennington Area Habitat for Humanity (herein the "Organization") is a nonprofit organization incorporated and licensed to operate in the State of Vermont. The Organization constructs affordable housing for qualified persons at a cost consistent with the buyer's ability to pay off a low interest rate mortgage. The Organization's primary sources of revenue include public support and government grants.

Implementation of New Accounting Standards

During the year ended June 30, 2024, the following accounting standards updates issued by the Financial Accounting Standards Board became effective:

2022-01 Derivatives and Hedging (Topic 815): Fair Value Hedging-Portfolio, 2020-10 Codification Improvements and 2022-02 Financial Instruments-Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures.

Management has determined the impact of these updates are not material to the financial statements.

Basis of Presentation

The Organization prepares its financial statements on the accrual basis of accounting.

Display of Net Assets by Class

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions in accordance with the provisions of FASB ASU No. 2016-14. Net assets are classified as follows:

Without external source restricted net assets – These assets result from contributions and other inflows, which have no restrictions and over which the Board of Directors retains full control to use in achieving any of its institutional purposes.

With external source restricted net assets – There are two types of assets that make up the donor restricted net assets. One type results from contributions and other inflows of assets whose use by the Organization is limited by donor imposed stipulations that can be fulfilled and removed by action of the Organization. The second type is assets subject to donor-imposed restrictions to

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

Restricted contributions whose restrictions are met in the year the contribution is received are reported as unrestricted. Accordingly, as of and for the years ended June 30, 2024 and 2023, the Organization had \$16,107 and \$55,713, respectively of external source restricted net assets.

Cash and Cash Equivalents

The Organization considers highly liquid investments maturing within three months of acquisition to be cash equivalents.

Receivables

Accounts receivable from other agencies are carried at the original amount billed less an estimate made for doubtful accounts based on a review of all outstanding amounts on an annual basis. Management determines the allowance for doubtful accounts by using historical experience applied to an aging of accounts receivable. Accounts receivable from other agencies is written off with board approval when deemed uncollectible. Recoveries of accounts receivable previously written off are recorded when received. The allowance for uncollectible accounts was estimated to be \$0 as of June 30, 2024 and 2023. Accounts receivable netted with allowances for uncollectible accounts was \$7,543 and \$112,574 for the years ended June 30, 2024 and 2023, respectively.

Mortgage notes receivable balances represent the amount charged to the homeowners for habitat houses built and secured with the real estate. Mortgages are to be paid back over an established and mutually agreed period of time. Mortgages are typically paid back on a monthly basis over varying periods depending on the homeowner's ability to pay. The mortgages are non-interest bearing. Deeds to the homes are held by the Organization. Uncollectible amounts are assessed by the Board of Directors annually.

Investments

The Organization carries investments in marketable securities with readily determinable fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

BENNINGTON AREA HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

The Organization records contributions received as without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor restrictions. Contributions and investment income that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions or investment income is recognized.

Grants

The Organization receives funding from the Vermont Housing and Conservation Board (VHCB) and Vermont Housing Finance Agency (VHFA) on a project-by-project basis, subject to approval. If approved, grants recently have been in the amount of \$35,900 per house constructed to the minimum energy-efficiency standard, with \$30,000 used directly to reduce the homeowner's mortgage costs. The majority of funding is passed directly to homeowners to reduce the cost of construction and, thereby, the related mortgage.

Fixed Asset Acquisition

Fixed Assets are stated at cost. Additions and improvements of fixed assets in excess of \$2,000 are capitalized. Depreciation is provided by the straight-line and accelerated methods over their estimated useful lives of assets, which range from seven to thirty-nine years.

Depreciation expense for the years ended June 30, 2024 and 2023 was \$12,293 and \$11,472, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Promises to Give

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in with external source restricted net assets

BENNINGTON AREA HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

depending on the nature of the restrictions. When a restriction expires, restricted net assets with external source restrictions are reclassified to without external source restricted net assets.

The Organization uses the allowance method to determine uncollectible promises receivable. The allowance is based on prior years' experience and management's analysis of specific promises made. There were no promises to give to value in the current year.

NOTE 2 - DEPOSITS AND INVESTMENTS

The Organization maintains deposits at financial institutions located in Vermont. Non-interest-bearing accounts at the institution are insured with no limit by the Federal Deposit Insurance Corporation (FDIC), while interest bearing accounts are insured up to \$250,000. At times during the year the bank balances may have exceeded the FDIC limit, but no losses occurred.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Organization will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party.

Cash and cash equivalents as of June 30, 2024 consisted of the following:

<u>Account type</u>	<u>Bank Balance</u>
Checking account	\$ 127,897
Money market	155,787
	<u>\$ 283,684</u>

Investments:

Custodial risk for investments is that, in the event of failure of the counterparty, the Organization will not be able to recover the value of its investments or collateral securities that are in possession of an outside party.

Interest rate risk - is the risk that changes in interest rates will adversely affect the fair value of an investment. The Organization does have a policy related to interest rate risk.

BENNINGTON AREA HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

At June 30, 2024, the Organization's investments of \$1,486,312 were comprised of funds held in an investment account at the Trust Company of Vermont. The Organization's investments are not exposed to custodial credit risk because the underlying securities are registered in the Organization's name and are covered by the Securities Investor Protection Corporation (SIPC) and FDIC. These investments are reported in the statement of financial position at fair value, while realized and unrealized gains and losses are reported in the statement of activities.

At June 30, 2024, the Organization had the following investments:

	Cost	Fair Value	Excess of Fair Value Over Cost
Balance at end of year	\$ 1,409,821	\$ 1,486,312	\$ 76,491
Balance at beginning of year	<u>20,646</u>	<u>741,106</u>	<u>720,460</u>
Unrealized net gain for the year			<u>76,491</u>
Total net gain			<u>\$ 796,951</u>

Credit risk - Statutes for the State of Vermont authorize the Organization to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other than states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Vermont, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. The Organization does have an investment policy on credit risk.

BENNINGTON AREA HABITAT FOR HUMANITY

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024 AND 2023

NOTE 3 - CASH LIQUIDITY

The Organization's financial assets available for general expenditures within one year of the balance sheet date are as follows:

Financial assets at year end:	
Cash and cash equivalents	\$ 278,049
Investments	1,486,312
Mortgage notes receivable	925,423
Accounts receivable	7,543
Other receivables	1,600
Less those unavailable for general expenditure within one year, due to	
Non-current portion of mortgage notes receivable	(785,661)
Contractual or donor-imposed restrictions:	
Restricted by donor with time or purpose restrictions	<u>(16,107)</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 1,784,652</u>

The Organization is primarily supported by contributions from the public, Resale Store sales and grants. Because a donor's restriction or a contractual obligation requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities. Thus, financial assets may not be available for general expenditure within one year. As part of the Organization's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities and other obligation come due.

NOTE 4 - MORTGAGE NOTES RECEIVABLE

As part of the Organization's mission to provide affordable housing, transfers of property to homeowners are recorded as non-interest-bearing mortgage notes receivable. These mortgage notes are valued at the finished cost of construction plus cost of the lot (total development costs) less any grants received from the Vermont Housing and Conservation Board and the Federal Home Loan Bank (Boston). The terms of the mortgages vary depending on the individual's ability to pay and range from 20 - 30 years.

The non-interest-bearing mortgages have been discounted at various rates ranging from 7.23% to 8.34% based upon prevailing market rates at the inception of the mortgages. Property taxes and insurance are the responsibility of the property owner. Discounts are amortized using the straight-line method over the lives of the mortgages.

NOTE 4 - MORTGAGE NOTES RECEIVABLE (CONTINUED)

The Organization determines uncollectible amounts annually based on payment history and homeowner's ability to pay. There were no uncollectible amounts at June 30, 2024 and 2023.

The following summarizes the mortgage notes receivable held by the Organization at June 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
